## **PART IV – CORPORATE GOVERNANCE**

The Company remains focused on insuring the adoption of systems and practices of good corporate governance in enhancing value for its shareholders.

In compliance with the initiative of the Securities and Exchange Commission (“SEC”), the Company submitted its Corporate Governance Manual (“the Manual”) to the SEC. Even prior to the submission of its Manual, however, the company already created various Board level committees. These committees were comprised of an Executive Committee, a Nomination Committee for the selection and evaluation of qualifications of directors and officers, a Compensation and Remuneration Committee to look into an appropriate remuneration system, and an Audit Committee to review financial and accounting matters. A Compliance Officer was also appointed on that date.

The Board establishes the major goals, policies, and objectives of the Company, as well as the means to monitor and evaluate the performance of Management. The Board also ensures that adequate internal control mechanisms are implemented and properly complied in all levels.

The Company is not aware of any non-compliance with its Manual of Corporate Governance, by any of its officers or employees.
